PLEASE NOTE:

Luxury Guide is a Mac-based publication. We accept the following formats: **.pdf, .jpg, .tiff, .eps, .indd, .psd** and **.ai**. Changes cannot be made to pdf or jpeg files.

If supplying a PDF, please create using the printing industry standard **PDF/X1-a 2001** file with minor changes specified by the printer, noted below.**

We accept files sent via email or can provide our Dropbox account for upload, upon request.

All images must be **300 dpi**. Images scanned lower than this may appear pixelated in print.

CMYK only – no RGB or L*a*b.

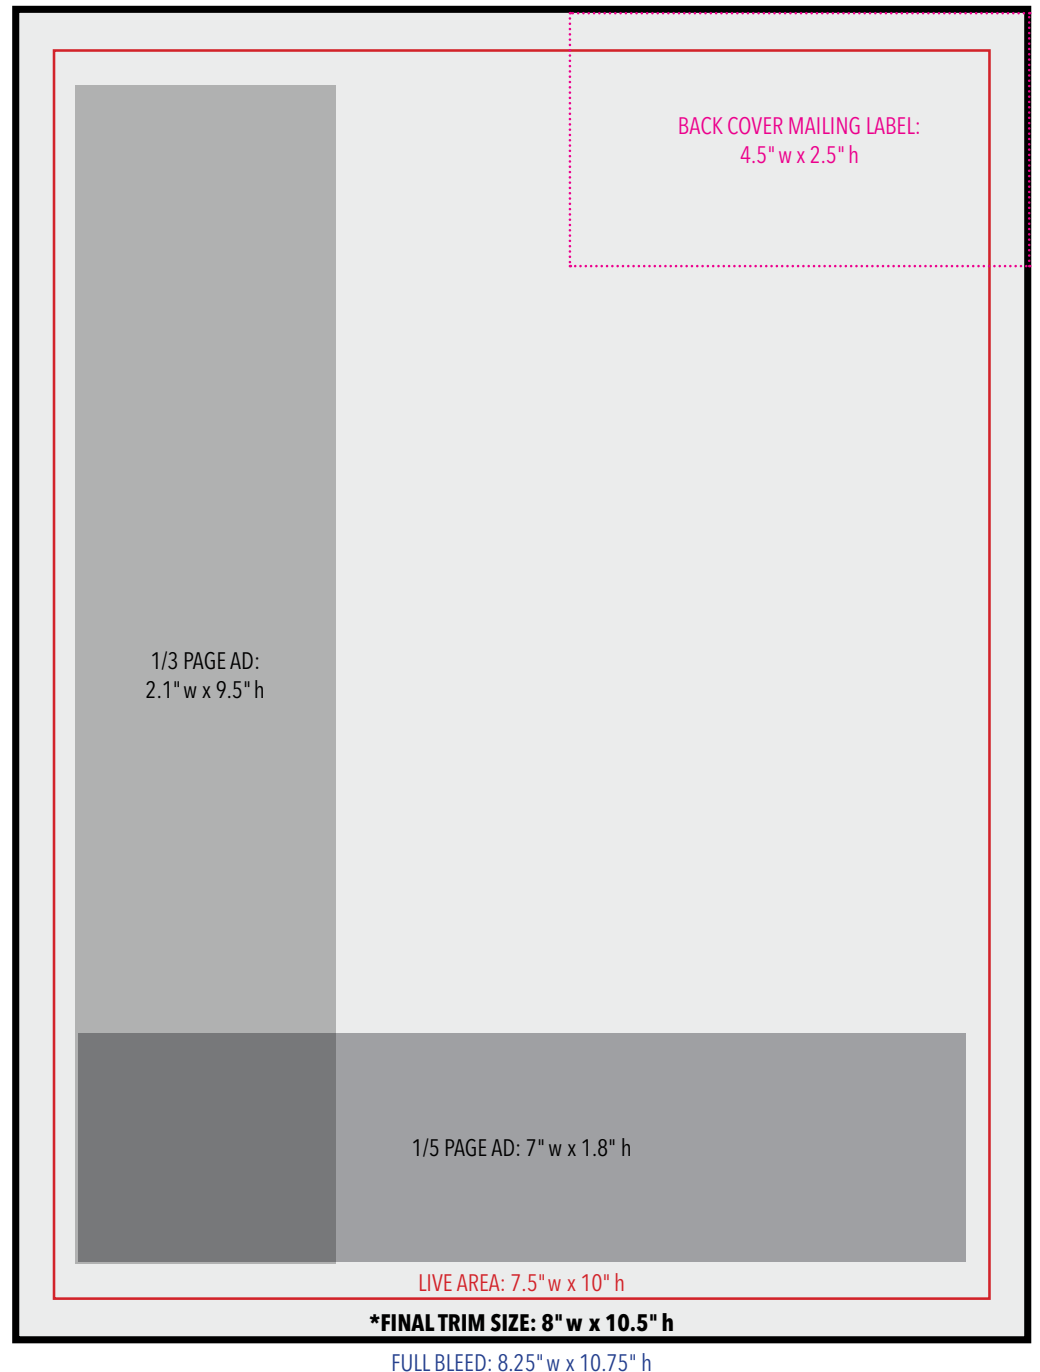

Black text should always be **100% black** (not four-color process/registration).

Include all support files and fonts (printer and screen), when applicable. **Be sure to retain a backup copy of your original files.**

Landscape orientation ads will not be accepted.
